

CREATURE

PANEL MOUNT

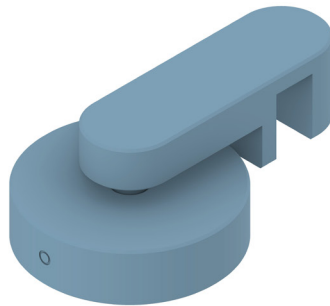

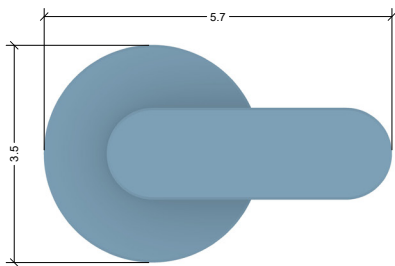

DIMENSIONS

lamp head w/mount: 5.7”L x 3.5”W x 2”H

MATERIALS

lamp head w/mount: bio-based plastic (plant derived)

LED puck: plastic / LED electrical components

DIRECT YOUR FOCUS.

The Creature task lamp is equipped with a battery powered LED light for a convenient cord-free way to light your environment. The magnetic ball swivel design allows for 360° rotation to direct the light where you need it. Hook the panel bracket to any 3/4” privacy panel.

Creature’s entire housing and panel bracket is 3D printed in bio plastic to uphold our commitment to using responsible materials.

Easily detach the lamp head and recharge via USB-A.

Light temperature 3000K.
